SEAT-TO-FLOOR HEIGHT

QUICK RELEASE

Allows for quicker and easier changing or removing of the wheelchair tires. This option is of value to those who use the tilt chair for transport and want to reduce weight of the chair when loading it into a vehicle.

ADJUSTABLE CASTER HEIGHT

There are different types of caster height-to floor options available. Select the right height according to the requirement.

ABILITY TO GROW

Frame grows as required without replacing any parts up to 4” of width growth. Seat depth is growable up to 2” with each seat rail at no extra cost.

GAS CYLINDER

Single cylinder linkage mounts onto dual slide rails for ultra rigid frame and simplified design. It can be found located underneath the chair, allows for a gentle, slow tilt for the client lockable at infinite angles
